## Jackson Ridge Project Killed By Court Order

### HELPERS NEEDED

Leaders, assistant leaders and other helpers are needed in the Bay-Waveland area to help promote Girl Scouting on a neighborhood level. It would be appreciated if ladies with craft or other hobbies would assist in teaching the girls. Anyone interested in helping is asked to contact Mrs. Sylvia Spratley at 487-4158.

### BOARD MEETING

Bay-Waveland Garden Club Board will meet at 2 p.m., Monday, December 7, in the home of Mrs. Charles H. Elliott, Jeff Davis Avenue, with Mrs. John Williamson as co-hostess.

## GEC Wants Decision On Code Adoption

The Governor's Emergency Council through its representative, Bob Britton, informed the cities of Bay St. Louis and Long Beach that a decision must be reached soon on whether they wish to accept the Southern Standard Building Code. Paul Montjoy of the GEC's Gulfport office in an interview on Wednesday said the code was set up as a part of the Governor's Emergency Act.

Montjoy said the GEC representatives would like to meet next week with the Mayor and Commissioners in hopes of working out a solution to some problems and have request the Mayor to set up an appointment. The key-point to apparent disagreement voiced by officials in both Long Beach and Bay St. Louis, Montjoy said, has to do with terms of administration. Montjoy said GEC was perfectly willing to hire coast people as inspectors whenever they are qualified to do the work, however, he said under the Administration Section the G.E.C. is specified as being the governing authority. Quoting from the section Montjoy said: "The GEC will exercise sole authority in such counties and municipalities in issuing permits". Montjoy said the

A court order was handed down from the Honorable Harry Walker, Circuit Court Judge of Hancock County, that the Bill of Exceptions filed by Jerry L. Ladner to the Orders of the Board of Supervisors be sustained. Ladner, during the June Term 1970, appealed to the Board objecting to proceeding with the Jackson Ridge Project under State and Federal aid. Jackson Ridge, said to be the only 18th section in the nation bordering a beach front, has been used for several years as a dumping ground. The Board of Supervisors sought to acquire this property and with the use of State and Federal Aid turn it into a Park and Playground Recreational Area with a section devoted to a trailer-camp facility for sportsmen, tourists and vacationers.

In examining the minutes on the books of the Board of Supervisors a legal fault was discovered when it was noted that the resolution voted upon by the Board had not been signed. Ladner through attorney Randall C. Jones of Pass Christian and during the June term was heard upon Bill of Exceptions, oral argument and Memorandum Brief. Recently Judge Walker reviewed the data and worded his order dated November 16, 1970 as follows:

"ORDERED, that the Bill of Exceptions filed by said Jerry Ladner to the Orders of said Board dated June 1st, 1970, be and is hereby sustained and said Orders be and they are hereby set aside and held for naught."

At a November meeting of the Board of Supervisors Talmadge Rayborn in a hearing had urged members of the Board to develop Jackson Ridge tourist facilities and said the area could attract many people and become a prime source of income for the County. Rayborn, who made a comprehensive study of tourism, says this trade brings in a revenue of not less than \$40 per day per person and added: "We are not developing one of our potential major assets."

Russell Elliott, President of the Board of Supervisors, last week attended a forum on tourism in Jackson and is scheduled to make a report on his findings when the Board meets next on Monday, December 7. It is anticipated that the Court Order will also be on the agenda for discussion and decisions at that time, it was reported.

## Pay Increase Approved For Many City Employees

The City of Bay St. Louis, effective January 1, 1971, was approved by the Mayor Warren J. Goodsell and the Board of Commissioners on Monday during that group at the an exception was made in the case of Chief of Police Robert Goodsell whose salary increased from \$6,000 per month to \$6,600 per month retroactive to July 1. It was agreed that Goodsell's monthly salary be \$6,600 and with an extra pay in the overtime work.

In the Legal and Department were in through a motion made by Commissioner Frisbie, and by voted upon raising by Gerald C. Gex monthly, Jos. Ben-175 and R. V. Blen-monthly. Criminal Department salaries were named Mabel Green, \$450; Moser, \$435; Edith \$300; Jesse Gray, Landry, \$450; Es-son, \$450; Beulah \$25 and Caroline \$25. These salaries upon unanimously Police Department

the motion to increase the pay of Chief of Police Robert Goodsell to \$6,600 was opposed by Mayor Carver who was also opposed to the hourly rate increase for others in that department. Carver said: "It is difficult to be exact in the amount of increased expense this means to the city because many of the men are paid on an hourly basis." Carver added: "My figures indicate an increase of about \$2,600.00 in Utilities Department. I cannot quarrel much about that increase. The expense in the General Fund increase amounts to about \$4,272.00 and neither can I ob-

## United Fund Tops Goal

The 1970 Hancock County United Fund Campaign went over the top again for the sixth successive year, according to Ed Hall who served as this year's fund-drive chairman. As of November 30, the official closing date of the drive, a total of \$26,405.65 had been received or pledged. Mississippi Test Facility donated the lion's share of \$11,636.00 and \$9,639.59 came from special gifts which were handled by Mrs. Virginia Wagner. Several payroll deduction plans are still in the making and will bring in an estimated \$4,000.00 additional. Some business firms have not as yet added their contributions.

The Hancock County Board of Directors of which Richard Shadoin is president wish to extend deep appreciation to all contributors and to the many workers who assisted with the drive. "The generosity of the people of Hancock County and their concern for the less fortunate and the welfare of our young people has made possible the success of the Hancock County United Fund Drive", said Mrs. C. R. Beyer, who serves as executive secretary for that organization. A total of 12 agencies are assisted through funds made available in the "united way".

## No Gambling Machines Found In Restaurant

Jack's Steak & Seafood House on the North Side of Highway 90 in Bay St. Louis was one of 100 Search Warrant returns filed in the United States District Court in Biloxi on Tuesday.

Officers in a crack-down on gambling along the Gulf Coast seized gambling devices from 92 different places. The report on the search of Jack's Steak & Sea Food House revealed no gambling devices found. No other search warrant in Hancock County was reportedly issued.

ject too much to that increase. do object to the increase in the budget for the Police Department. In October we approved a budget item of \$36,000.00 for the Police Department. Now with eight men on the police force, our budget will be increased approximately \$13,150.00 for a total sum of \$49,000.00. I am voting against the increase in Police Department Salaries."

With the motion of Commissioner Frisbie seconded by Commissioner Arceneaux the Police salary of \$600 per month retroactive to July 1 was established for Robert Goodsell and the hourly rate of \$2.05 was agreed upon for Eric Ne-calse, Alvin Favre, Douglas Williams, Emmett Ellis, Wm. A. Tate, Larry Ladner and Billy Carbonette, and a monthly salary of \$50 for Geraldine Edmondson and Dolores Favre. In the Fire Department by unanimous vote the salary of Edgar Ladner was set at \$550 per month while Floyd and Clyde Page will receive \$2.00 per hour.

## Bay Files Suit Against Aetna

The law firm Haas and Haas of Bay St. Louis will represent the City of Bay St. Louis in a law suit scheduled for hearing in the Federal Court in Biloxi on Monday, December 7. The City seeks to recover from the Aetna Casualty and Insurance Company \$13,500 plus interest and execution fees, the excess judgment paid from the City treasury in the case of Husy Johnston who was awarded \$20,000 in compensation following an accident occurring when a City Owned vehicle used as a dump truck was involved in an accident in Bay St. Louis as it was making a turn from Railroad or Central Avenue to enter a dumping ground.

The City contends the Aetna Insurance Company was negligent in its failure to settle the Husy Johnston claim within the limits of the insurance policy when it had an opportunity to do so, and thereby the city suffered a loss of \$13,500 which was paid from the city treasury. \$3,500 of the \$20,000 awarded Johnston's case against the city was paid from an insurance policy. The remaining \$3,500 was paid to Delbert McArthur who was a passenger in the vehicle operated by Johnston.

## Seawall Portion Has Collapsed

A portion of the seawall on the Beach Drive and at the intersection of Dunbar Avenue has collapsed. It was pointed out by Commissioner Andre Arceneaux at Monday's meeting of the Mayor and City Commissioners. Arceneaux stated he wished to have a barrier placed at this location as a precaution and accident-preventative measure. "At night some person unfamiliar with the conditions might not know to make a turn and drive into the danger area", Arceneaux said.

THE U.S. COAST GUARD CUTTER, "POINT ESTERO", arrives at the National Aeronautics and Space Administration's Mississippi Test Facility on her first trip via the East Pearl River and the MTF man-made canal. The cutter, 82-feet long and staffed by eight personnel, will be used in the National Data Buoy Project now underway at the Mississippi site.

### GARDEN CLUB

Mrs. Paul Miller will be guest speaker at Bay-Waveland Garden Club's meeting to be held at 2 p.m., Thursday, December 10, at Main St. United Methodist Fellowship Hall. Mrs. Miller will use as her topic, Making Merry in the Home.

Each member is asked to bring a gift which will be sent to the club's "tornado friends" in Corinth, Miss.

## Ladner Begins Eighth Term

Garfield Ladner began his eighth term as Mayor of Waveland Tuesday night when he took the oath of office administered by Federal Judge Dan M. Russell in ceremonies following the last meeting of the former board. Mrs. Ladner was present to witness the ceremonies.

Russell then administered individual oaths to John Longo, Jr., Alderman Ward One, Albert Grass, Alderman Ward Two and the newly elected Aldermen Dan Camplon and Ducre Bourgeois from Wards Three and Four respectively; Willie Bourgeois, Treasurer; Fred Bourgeois, Marshal and Tax Collector; and the five members of the Democratic Committee, C. O. Dufour, Mrs. Fred Bourgeois, Mrs. R. G. Hubbard, Cliff Vogt and Ruth Mailleur.

Following the ceremonies, Mayor Ladner welcomed the new board members and stated that he was looking forward to working with them in the next four years for a progressive Waveland.

Judge Russell addressed the board, saying, "This is democracy in action. I commend this fine group in Waveland for the job they have done and will continue to do."

## Procedure For Lot Clearing Explained

In an interview with Mrs. Adoree Shortle on Tuesday afternoon it was learned that owners of neglected and unsightly properties have usually been very cooperative when notified, and many have responded to requests asking that they have their grounds cleared of weeds and debris.

Mrs. Shortle said: "We have sent out about 50 letters involving approximately 125 lots in need of clearing and cleaning." Mrs. Shortle said a routine has been set up for procedure in order that both those contracting to clear lots and the owners of the property might be protected. "In our letters", Mrs. Shortle explained, "we offer to help owners of the property (usually out of town people) to find suitable contractors to clear the land. We submit, upon request of the owner, three bids from which the property owner may make a selection. The property owner sends a cashier's check to us making payment in advance, however, we do not give the money to the contractor until his cleaning job has been completed and inspected by Felix Seeger. It is Seeger's responsibility to make sure the lot is in satisfactory condition before money in payment is

released." Mrs. Shortle said the contractor is assured of prompt payment upon completion of his work and the owner is assured of a good cleaning job.

"We need more contractors who are equipped to handle lot clearing", added Mrs. Shortle. She said people owning trucks, tractors and bush hog equipment might register for work by calling 467-9092. Contractors are given a description of the property, i.e. the address and are asked to submit their bids through the City Hall's Cleaning and Beautification Program.

## Chapman Elected To Head Chamber

Recently elected officers for the Hancock County Chamber of Commerce include Russell Chapman, president; Perry Gibson, vice president; and Andre Arceneaux, Treasurer. These officers were voted upon and took office at the regular November meeting which was attended by 15 Board Members, 5 Guests, Talmadge Rayborn, executive director of that organization and Mrs. Caroline Keiffer who serves as the Chamber's secretary.

Rubie Griffin, past president of the chamber, now holds the office of ex-officio chairman of the Board.

The next scheduled meeting of the Chamber is set for Tuesday, December 22, at 7:30 p.m. in the Chamber of Commerce Building located on Highway 90.

### LAY APOSTOLATE

Our Lady of the Gulf Ladies Lay Apostolate will meet at 3 p.m. today in the Parish Hall.

## Construction Council To Elect Board

On Wednesday, December 9, and at 7:30 p.m. a meeting of the newly organized Hancock County Construction Council will be held in Trapani's Restaurant on Highway 90, according to a news release from Talmadge Rayborn, executive director of the Hancock County Chamber of Commerce.

Talmadge said the council grew out of a meeting last week of local building contractors, building supply people, bankers, real estate firms, architects and engineers who assembled for the purpose of organizing. Two key guest speakers were featured on the program. Ray Putfark, Executive Director of the New Orleans Construction Industries Association who discussed the advantages of that organization and explained how it helped New Orleans to grow. W. L. Argue, newly elected president of the New Orleans association also addressed the group and answered pertinent questions on advantages of trade and craftsmen organizing and setting up by-laws and code practices regulating building.

Delmar Wilcox served as Master of Ceremonies at the meeting and was also responsible for much publicity resulting in an attendance of more than 50 persons at the meeting.

A motion made by Charles Johnson passed unanimously that all people licensed to do business in Hancock County in the different crafts be notified by letter about action taken by the Hancock Construction Council. These persons are invited to

attend the Wednesday, December 9 meeting. On the agenda for that meeting will be the election of one individual from each trade to serve on the council's Board of Directors. Visitors, other than those connected with the building trades, included Garland Bolote, State Farm Insurance Company; Bobby Sayle, Gulf National Bank; Pat Murphy, Coast Electric Power Association; C. H. Evans, Governor's Emergency Council; T. T. Ward, Bay St. Louis, Inspector; Ames Kergosian, Real Estate; Louis J. Fernandez, County Health Department Inspector. Many present expressed a desire for the Council to work toward adoption of a Hancock Building Code that would be of mutual protection and benefit for all Hancock County people, it was reported.

Rayborn said the Council may well be one of the most important organizations within the county and urged building contractors and allied trades and crafts people to attend the meeting.

## Funds Allocated For Bay Bridge

Congressman William Colmer announced Tuesday that the Federal Highway Administration had approved a grant to the State Highway Department in the amount of \$64,400. The money will be used to cover repairs to the Bay St. Louis Bridge.

## A Conservative View

by James J. Kilpatrick

"My husband works at Beech," the waitress said. This was at the airport, over a cup of coffee and two eggs scrambled light. She was a tall woman in early middle age, with a plain face and a nice smile, but on this overcast morning the smile was no feeble as the sunshine. "He's afraid they're headed for a big lay-off out there."

The morning paper confirmed the apprehension but not the fact. A spokesman for Beech Aircraft Corporation, in an effort to dispel rumors of a major layoff, had announced that no further cutbacks were planned for the rest of November. "Every effort is being made to maintain as stable a work force as possible until such time as business improves," said E.C. Burns, vice president for operations. The picture for December is uncertain. The local unemployment compensation office reports that in Sedgewick County, 15,250 persons are jobless in a civilian work force of 164,650.

It has been a long time since any substantial portion of our country experienced the fear of layoff. The very word strikes terror to the heart, and this waitress in Wichita, twisting her wedding ring and gazing emptily at nothing in particular on the counter, sees the world with the same troubled eyes that one encounters widely across America this fall.

I have been on the road for another ten thousand miles, and venture only to add a word of confirmation to the widespread reports of other correspondents: If these are not bad times in the United States, these are not good times either. In Portland, local school boards hear a warning from legislative leaders: Further tax increases are "out of the question." In Chicago, Mayor Daley offers a budget based upon a 14 percent boost in the property levy; he faces a chilly public reaction.

In another Western city (I have forgotten just where, and cannot find the clipping), a union

spokesman, in urging his members to get behind an effort to bring in a new chemical plant, True, the plant would add to local air pollution, but he has no objection with this, "Why do you want?" he asks. "Good ecology or good jobs?"

This is part of the edge of the upswing, the faint hope of a new dawn. Here in Wichita, an aircraft worker with 30 years' experience has applied in three States for a job. He has turned up nothing so far. Meanwhile, he would like to call his house; no takers. Another man, laid off at Beech and Boeing, has taken repeated civil service examinations, "but I haven't heard from anyone."

Yet the gray picture should not be overdrawn. For all its troubles, Wichita is bidding confidently for convention business; the city's central business area is undergoing transformation, with a summing new Holiday Inn and some municipal foundations that will splash as cheerfully as Boston's, Salem, Ore., also is building a

Letters to the editor are always welcome. They should be on pertinent topics, in good taste and limited to 300 words. The Sea Coast Echo requires also that each letter be properly signed by the writer before it will be considered for publication. No letters unsigned or containing pseudonyms will be published.

Editor, Sea Coast Echo:

Over the last several weeks, there have been a series of serious automobile accidents in Hancock County with multiple deaths and maimed and injured people. There are two facts common to the accidents. Generally speaking, they involved young people and they involved speeding.

Many of our young people feel that this is a game to be played. Almost any night there are vehicles racing at breakneck speeds throughout the county, and in Bay St. Louis and Waveland. The police action against speeding has been almost negligible, and understandably so. If speeders are brought into courts, they rarely if ever are fined or punished. In one case in Bay St. Louis, police arrested a speeding vehicle and put in jeopardy of losing their jobs.

If we examine the docket of the J.P. and City Courts, we find that speeding violations by our young people are rarely, if ever, seriously punished. I believe youngsters under 21 travelling in excess of 75 miles per hour should have their licenses automatically rescinded for at least six months. We need a campaign of law enforcement backed by the judicial offices to stop speeding. There are many families in Hancock County today who would have preferred to pay a thousand traffic fines than go through the heartbreak which accompanies the loss or serious injury of loved ones.

The lucky parents, who have not been affected by recent accidents might do a bit of soul searching. Your children are susceptible to death and maiming also. The first line of defense is still the home. It is your responsibility to see that your children either drive safely or don't drive at all. Depriving a teenager of a car may seem serious, but it is nothing when compared to maiming or death. If your child is caught speeding, instead of defending him and blaming the policemen from doing his duty, reinforce the punishment at home by rescinding driving privileges for a while, or make your child pay the fine. A combination of police action, judicial penalties, and parental authority could go a long way toward keeping some of our teenagers alive.

I would like to make it clear that this is not in any way a condemnation of any of the families involved in the recent tragedies. Their grief should not be increased by any feelings of self-reproach. It is the parents who have not yet been touched by tragedy who should examine our positions, and do all within our power to prevent such losses in the future.

Sincerely,

PAUL VEGAS

Editor, Sea Coast Echo: In last week's issue of the Sea Coast Echo, I made the statement that Mr. Jerry Lader was the person responsible for circulating the petition addressed to the Hancock County Board of Supervisors which resulted in the abandonment of the proposed site for a sanitary landfill.

I have been informed that Mr. Lader was in no way responsible for the circulation of the petition. I regret the fact that my statement might have caused considerable embarrassment.

Very truly,

WARREN CARVER

Editor, Sea Coast Echo: Of all the letters I have written to our State and National Senators and Representatives, in the interest of our Senior Citizens, in the low income bracket, only one responded with encouragement and the promise of action, even though he admitted he wanted to be honest and not make impossible promises. Let me quote the contents in the 4th paragraph of his recent letter.

"There is an effort to enact legislation, which will give persons over sixty-five years of age, tax exemption on their homes. This Bill has been introduced for every session, during the time I have been a Representative and has been pre-filed for possible action on the bill during the coming session."

Now come on, Mr. Senior Citizens on low income, get busy and write our Representatives in Jackson, Miss., for any reason you are unable to write and have no one to do this for you, please call me, identify yourself, giving me permission to sign your name, and I shall be glad to write the letters for you.

The Legislature will convene January first. Keep on writing, don't give up hope; I've always believed the "pen is mightier than the sword."

Any of you who are Senior Citizens on low income, who may wish to know the full contents of this Representative's letter, I shall take the time to read it word for word, to you, over the phone.

What you save, if this tax exemption passes, could be applied to that tremendous expense coming up on this Sewerage project for Waveland and help other indigents elsewhere in the County.

Sincerely,

Eleanor Everett McFie  
Waveland, Miss.

Robert Sylvester

Robert Sylvester 24, a native of Bay St. Louis and a resident of San Antonio, Texas for the past 1 1/2 years, died Friday, November 27 at 10:30 a.m.

Catholic services were held Tuesday with military rites. Burial was at Fort Sam Houston in San Antonio.

Workers from the Bay Waveland Garden Club are responsible for many improvements on the grounds around the City-County Library. Walks have been edged beautifully; litter, debris and trash have been disposed of and plans for landscaping are well under way. Several beds are ready for planting and some plants were transplanted to more favorable locations.

In our Deep South both November and December are good gardening months. According to our librarian, Mrs. Edith Humphreys, the books from the Gardening Shelf are very much in circulation at this time.

Recommended for amateur and "back-yard gardeners" is Mitchell's IRIS FOR EVERY GARDEN. Dr. Mitchell has visited iris breeders and growers and has received many awards from the American Iris Society. Both hardheaded and heartless iris are discussed including history, culture, propagation and diseases.

Rock Garden Plants by Dorretta Klaber gives many helpful suggestions to those who are interested in this fascinating hobby. The book is filled with descriptive lists of plants and is well illustrated.

Not to be overlooked is Penicillium Preferred by Helen Van Pelt Wilson. There's a typical border unit, planned for an 8' x 30' bed that even has worked out for you the number of plants needed. The book has excellent charts giving name

C.L. Wooten

C.L. Wooten, a veteran U.S. Corps of Engineer career appraiser died suddenly in Spartanburg, S.C. recently suffering a heart attack while en route to New York with his wife to visit their daughter.

At one time, Wooten was chief appraiser for NASA-MTF and resided in Bay St. Louis for about four years.

At the time of his death, Wooten had been serving as acting manager of the Film Dams project.

In addition to Mrs. Wooten, he is survived by one daughter, Mrs. Kelly More of New York City.

Mrs. Winnie Garcia

Mrs. Winnie Maude Nugent Garcia, 84, died at 7:15 p.m. Friday, November 27, in Hancock General Hospital.

Mrs. Garcia, a native of Brooktown, La., was a resident of Route 3, Bay St. Louis, and a member of the Episcopal faith.

Survivors include a sister, Mrs. D. V. Hayman, Breaux Rouge; a half-brother, Clarence Nugent, Breaux Rouge; five grandchildren and 16 great-grandchildren.

Funeral services were conducted at 1 p.m. Sunday from Ridmon-Foley Funeral Home Chapel with Rev. Charles Johnson, pastor of Christ Episcopal Church, officiating. Interment was in Cedar Rest Cemetery.

## DRUG PROGRAM

Bay-Waveland Junior Auxiliary will sponsor a Drug Abuse program Friday, December 4, at both Bay Junior High and Bay Senior High. Speaker will be William Joquith, M.D., Head of the Mississippi State Hospital in Whitfield. All students are invited to attend.

payments may begin. This means that July is the first month for which you can receive a check. Payments for July will be received around August 3rd.

Q. My wife worked over 10 years under social security before her death last month. She left a daughter age 13 and a son 7. Can these children receive anything on her social security record?

A. Yes indeed! In addition to this, a lump-sum death payment can also be made. You should contact your nearest social security office promptly in order to get payments started as soon as possible.

Q. I am a widow, age 63, and my husband's record on my social security record, I have met a man whom I would like to marry. Would remarriage stop my social security payments?

A. No, not at your age. Remarriage of a widow at age 60 or later will not stop the widow's check, but it may reduce it.

Q. My son, age 17, received social security benefits on my record. He plans to marry next month. Will he continue to draw social security benefits if he stays in school?

A. No, Marriage will end his entitlement.

Q. My wife and I have been separated for over 20 years. Both of us will reach retirement age next year. Since I am not supporting her, won't this keep her from getting wife's benefits on my social security record?

A. No, As long as you are married to her, she is deemed dependent on you for social security purposes.

Q. I received social security for my 10 year old son on his deceased father's record. I have remarried and my second husband wants to adopt my son. Will he lose his social security benefits if my husband adopts him?

A. No, Information about social security protection is available at your social security office, which is located at 1022 - 32nd Avenue in Gulfport. The telephone number is 694-3022. For your convenience, Mr. Joseph D. Alfonso, representative for the Social Security Administration, is located at the Agriculture Building, Newdale Avenue, every Thursday, and will help with all social security matters.

Q. I became totally disabled on December 31, 1969. How can I get disability payments started?

A. There is a waiting period of six calendar months before

## Rules Announced For Miss. Arts Festival

Entries since its inauguration in 1967. Competition categories, she said, are in two divisions — senior (for college students and adults) and junior (for high school students). Senior writers may submit manuscripts in short story, formal essay, informal essay, poetry and drama categories. High school students may submit short story, essay or poetry manuscripts.

Only unpublished work will be accepted. Authors will retain publication rights, but the Mississippi Authority for Educational Television reserves the right — but not the obligation — to adapt any winning entry for television.

A 2500 word limit is imposed on all entries in the short story, formal essay and informal essay categories. Writers may submit one poem of 30 lines or more or six short poems in a group in the poetry category. Drama entries

are limited to 15 minutes. There is no limit on the number of entries. Entries should be sent to the Mississippi Arts Festival, P.O. Box 1447, Jackson, Miss. 39202, by December 15, 1970.

There is a prize fund of \$1,000. Prizes will be given in each category. The festival is a joint project of the Mississippi Arts Festival and the Mississippi Authority for Educational Television.

The workshop will include: The philosophy of learning centers in the classroom. Slides of learning centers now in operation. Samples of children's work done in learning centers. A discussion of the pros and cons of learning centers. Ideas on types and organization of learning centers. Lists of materials that can be used in learning centers.

Co-sponsors for the workshop are the following: Bay-Waveland chapter of the International Reading Association, St. Rose of Lima, Our Lady of the Gulf, Christ Episcopal and St. Stanislaus schools.

The workshop is open to all administrators and teachers. There will be no registration fee.

Fire Department Sets Meeting

The East Hancock Volunteer Fire Department announces through its Vice President L. Latour there will be a meeting of that organization on Friday, December 4, in the Fire House at Boyette Park and beginning at 7:00 p.m. During the meeting nominations for officers to serve during 1971 will be received, amendments to the By-Laws will be voted upon and other business of importance is scheduled for the agenda.

Progress toward rebuilding of the new Fire House will be reported upon.

Vice President Latour urges all members to attend this important meeting.

## Looking Back

5 YEARS AGO

Joseph Seafide, assistant Bay St. Louis Postmaster, retired after 38 years of service.

Grading operations began on the first strip of Interstate 10 to be constructed in Mississippi.

U.S. Army Corps of Engineers was planning removal of debris washed on to Hancock County's beaches by Hurricane Betsy.

10 YEARS AGO

James Roger of Leetown was named one of the state's six top young farmers by the Mississippi Jaycees at their State Meeting in Hattiesburg.

Plans were announced to begin construction on the new Kila Highway in the summer of 1961.

Pete Chapman is chairman of the Louie Awards Committee.

## Court Leniency Questioned By Arceneaux

"Let us make a study and find out if our City Court is too lenient -- our fines too low -- or too few arrests are being made by officers," was the suggestion of Andre Arceneaux, city commissioner, and following a fact-finding mission in which he consulted with mayors of neighboring communities and found that revenues from fines runs comparatively low in Bay St. Louis.

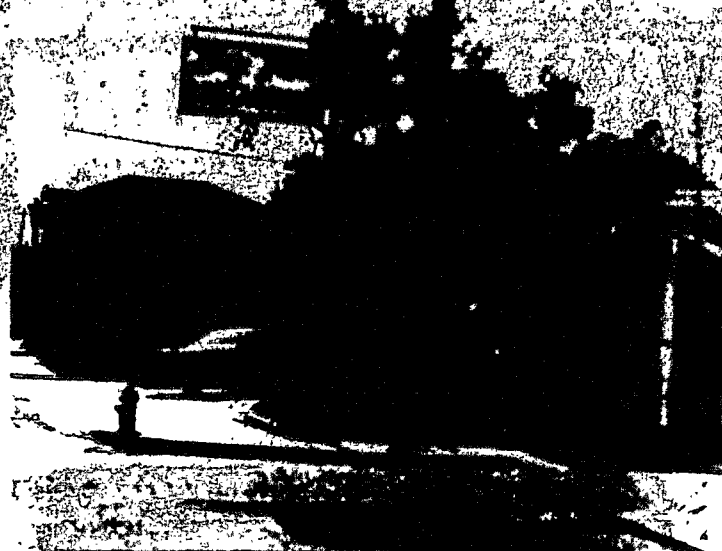

Arceneaux said the City of Long Beach has less population than Bay St. Louis and he was told by Mayor Wm. Skellie of that city the revenues from fines in Long Beach run about \$1,000 per month.

"We should find out what arrests our officers are making and how these arrests are handled when they come up for trials," Arceneaux said.

The Honorable Jos. Benvenuti, Judge in the City Court, holds trials each Thursday evening and in the City Hall at 7:00 p.m. The court trials are open to the public, however, it was said the Judge is vested with authority to clear the court room at his discretion and when juveniles are being tried.

## Device Installed At Police Headquarters

An automatic time-punch device will be installed in an area outside the Bay St. Louis Police Headquarters for the use of various employees who work on an hourly basis, according to a news release from Mayor Warren J. Carver. Carver said the device would be ready for use as of December 16 and could be used by the Fire Department, Police Department, Sanitation Department and Utilities Department since there is space for 77 ticket records.

BAY VIEW RESTAURANT located on the corner of Court St. and Beach Blvd. in Bay St. Louis, will hold its Grand Opening Friday with a ribbon cutting ceremony at 11 a.m. sponsored by the Hancock County Chamber of Commerce. The restaurant is owned and managed by Mr. and Mrs. Irvin Boths.

## Building Code Terms Need Clarification

"We should communicate with Representative Wm. Colmer and with Senator Stennis about the terms we are asked to meet in connection with the Governor's Emergency Council Building Code," remarked Commissioner Arceneaux at the Monday morning session of the City Hall officials. Arceneaux said he did not wish to vote against something that would be of benefit to people of the community. He expressed the feeling that a building code was not only a protective measure for the people but was also necessary for insurance protection.

Arceneaux said he objected to the manner in which representatives of the G.E.C. wished routine inspections carried out, and felt local inspectors were more thorough and reliable in their work than those made mandatory through the GEC requirements. Arceneaux said: "Our local inspectors are as knowledgeable and reliable as any in the business and I favor local people managing this part of the program. It seems un-American and not Democratic when regulations do not permit the selection of our own inspectors."

## Sodality Plans Family Gathers Surprise Stork Christmas Party For Reunion Shower Given

Monthly meeting of Sodality of Our Lady of St. Clare's Parish was held last Tuesday afternoon in Costello Hall with Mrs. Marcus Eichhorn, prefect, conducting the business session.

Mrs. Albert Grass, recording secretary, presented minutes of the October meeting and Mrs. Adrienne Chagnard, treasurer, gave the financial report. Corresponding Secretary, Mrs. Joseph Daniels, reported on all correspondence sent out and received during the month and Mrs. E.N. Conady, publicity chairman, gave her report.

Mrs. William Faulkner, sewing chairman, told of articles made since the last meeting.

Plans were completed for the annual Christmas party and the date set for December 12 at 7:30 p.m. in Costello Hall. Plans for a Day of Recollection to be sponsored by the Sodality in the near future were discussed. Father Daniel Whelton closed the meeting with a prayer and a social hour was enjoyed by the 17 members attending.

Eighty-six members of the family of the late Mr. and Mrs. Andrew Seafide gathered for a family reunion at the Port Allen, La., Golf Club for a family reunion.

Attending from Bay St. Louis were Miss Amelia Seafide, the Charles Carter Sr. and Carter Jr. families, the Victor Francis family, Mr. and Mrs. John Seafide Sr., Mr. and Mrs. Seafide, Jr., the Curtis Mathis family, Mr. and Mrs. Mathis, Jr., and Mrs. Helen Trudell and children.

A surprise stork shower was given for the new baby, a girl, born to Mrs. C. J. Neumann. The shower was given at the home of Mrs. Neumann. The baby was born on December 1, 1970, at 10:15 a.m. and weighed 7 pounds, 10 ounces. She is 19 inches long and has a head circumference of 13 inches. She is named after her mother.

## Dus Insurance Discussed By City Commission

The matter of insurance protection for a bus owned and operated by the Retarded Children's School in Hancock County was discussed, but not acted upon, by members of the City Commission at a meeting on Monday morning. The city is providing the Retarded Children's School with class room space and utilities. It was pointed out. The Retarded Children's School is supported by United Fund and open to all eligible children in the County. It was the expressed belief of the commissioners that the matter of providing insurance protection should be a shared responsibility for the community.

A further study of the problem was decided upon before any action will be taken by the Mayor and Commissioners with reference to this insurance premium request.

**City Officials**

Owners of eight lots within  
the City of Bay St. Louis have  
been notified to appear on De-  
cember 21 before the Mayor  
and City Commissioners to dis-  
cuss the condition of lots said  
to be in need of cleaning and  
clearing. Property owners in-  
clude Jos. Boardman, Jr., Har-  
old Carver, Robert Genin, Jr.,  
Armand Bertrand and Enno A.  
Schoenhardt. "A continued ef-  
fort is being made to reach all  
persons who have not, as yet,  
cleaned their properties follow-  
ing Camille damages", Mayor  
Carver said.

Mrs. Adoree Shortle, direc-  
tor of the clean up and beauti-  
fication program, said she  
would like to have in her files  
the names of persons with  
equipment needed to demolish  
houses. "Some structures are  
still standing that are unsightly  
and dangerous", Mrs. Shortle  
said, and house-wrecking  
equipment and knowledge is ne-  
cessary.

Interested persons should  
register for house demolition  
by calling Mrs. Shortle at 467-  
9092.

Congratulations go to Mr.  
Tommy Shaw of the Crane Creek  
Community, our new school  
board member.

Birthday wishes go to Mr.  
Jim Smith of Sellers, Mon.  
Nov. 30th.

## Chamber Sets Membership Goal

Tonight, in the Hancock  
County Chamber of Commerce  
Building on Highway 90 a meet-  
ing of the membership com-  
mittee has been called by Tal-  
madge Rayborn set for 7:30  
p.m. Rayborn said the purpose  
of the meeting is to organize  
the membership drive and to  
name a chairman to work in  
the drive.

According to Rayborn there  
are currently 171 persons in the  
County who are members of the  
chamber, and a goal of 500  
members is set for 1971.

Rayborn said individuals as  
well as business men would be  
invited to join the chamber. In-  
dividual memberships are set  
at \$25 per year, Rayborn said,  
and citizens are invited to make  
suggestions and join in the ac-  
tivities of the Chamber. "Our  
community needs more united

efforts", Rayborn said, "and  
this is certainly a year when we  
should ask ourselves what we  
can do to help our community.  
Rayborn said a better com-  
munity would mean advantages  
for each citizen and he believes  
there is a wealth of untapped  
talent and leadership which  
could be channeled to advantage  
through membership in the  
Chamber of Commerce.

## LATE Go-Go Goes But Crusaders Lose, 85-87

Hancock County prep cagers won four out of five in Tues- day night's basketball action.

After St. Stanislaus' Rockchaws warmed up they displayed the kind of accurate shooting that could earn state- wide recognition, breezing through D'Iberville 86-41 in Stanislaus' gym with Bob Hagan clicking for 28 points. Coach Bob Cuccaro's lads are unde- feated in four starts and play Long Beach there Friday then entertain Harrison Central Sa- turday and St. John Tuesday.

Both girls teams came through, Hancock North Cen- tral's Hawks defeating Pass Christian 36-31 at HNC and Bay High's Tigercats blasting Long Beach there 50-32. Peggy Haas was the only Hawk to hit in double figures getting 12 points. For Bay High Robin Lisana scored 14 and Sche- wandia Ball 11. Coach Willie Bradley also cited defensive stars Pam Smith, Donica Strahm and Schellorine Ball. Both teams will return to action in the HNC annual tourney start- ing Dec. 9.

After overcoming a one- point deficit in both opening quarters North Central's Hawks won in the third stanza with 30. Final score 74-63 with sopho- more David Nealles getting 27, Oniel Cuevas 12, Kenny Seals and Edwin Ladner 11 each. The Hawks are shooting high this weekend being entered in the Gulfport annual Tour- nament.

Coach Roland Ladner's lads play Moss Point Thursday.

At Bay High, coach James Fair has a young team that should improve as the season progresses. The Tigers lost 61-70 at Long Beach on free throws, the Cats hitting 26 of 29 while the Tigers only hit seven. Sophomore Willie Thomas, averaging 19 points and 14 rebounds per game, was top scorer with 18 points. Gary Blazie added 16 and Erick Le- muel 12. The Tigers resume play in the HNC tournament.

### SODALITY ACTIVITIES

Sodality of Our Lady of St. Clares Parish activities for December will include:

After being docked throughout most of the game, the Baptist Christian Amba- sadors from Shreveport gained possession with about a minute and a half left in the game and with the score 85-83 froze the ball until the final seconds, when scored a lay-up that de- feated the William Carey Cru- saders 87-85 Monday night in Bay High's gymnasium.

Milo (Go-Go) Nealles, Bay High (great and former No. 1 prep cager in Mississippi), was the games leading scorer piling up 28 points for the Crusaders while Moshol scored 25 for the Ambassadors. One of the Crusaders' key men, six-foot-eight Ricky Carter was benched early in the game with an injured ankle and the loss may have beat the Hattiesburg cagers.

It was the first game of the season for both teams and they were scheduled for a repeat performance at Hattiesburg Tuesday.

Nealles is Carey's second all-time leading scorer and needs only 275 points to go over the top with at least 24 games yet to be played. He needs only about 12 points per game but Mike can score that many in 10 minutes.

### Seal Re-Elected To Direct Bankers Association

Leo W. Seal, Jr. president of the Hancock Bank and a re- sident of Bay St. Louis, has been re-elected for a term of three years beginning January 1, 1971, to the post of Director of the Independent Bankers As- sociation of America.

The state directors are members of the executive council that will meet March 28 in Minneapolis during the 41st annual convention of the associa- tion. Independent Bankers As- sociation has 6,000 member banks in 40 states and directors are voted in by mail balloting in which 15 states directors were re-elected and 22 new directors were elected, each by IBAA member banks in his state.

The IBAA serves as com- munications-agent for the na- tion's locally owned and com- munity-related banks.

## Rocky Hill - White Three Important Clearing Charge

### Cypress News

by Joannette Brouss

255-7201

Mrs. Mabel and Mrs. Emma Nealles of Rocky Hill joined their brother and his wife of Gulfport, and their mother of Pass Christian and motored to Columbia to visit their brother and sister-in-law, Mr. and Mrs. Eugene Nealles. They enjoyed their visit.

Deepest sympathy to Mrs. Lynette Nealles on the death of her grandmother, Mrs. Lan- nie Garriga of Fenton, who, passed away last week.

Mr. and Mrs. Carl Woods of Gulfport, had their families over for Thanksgiving day. Those included were his par- ents and sister, Mr. and Mrs. Otis Woods and Ruth, grand- mother, Mrs. Bessie Woods, Mrs. Charles Woods, Michael and Marcy Woods of Lumber- ton, and Mrs. Woods parents, Mr. and Mrs. Grady Lee and children, Kenny and Sandra of Leetown, and Mr. Benny Smith of Poplarville.

The monthly P.T.A. meeting of Hancock North Central School will be held on Monday night December 7, at 7:30 p.m., in the school cafeteria.

Mr. and Mrs. Lee Cuevas and children Darlene and Brenda, and Mrs. Cuevas's brother, Preston Mauffray, spent Thanksgiving with her sister and brother-in-law, Mr. and Mrs. Jerry Brister and chil- dren of Moss Point. Joining them for dinner was their mother, Mrs. Hazel Mauffray of Pascagoula.

## Issues Facing Legislature

The three most important issues to face the 1971 legis- lature will be surveyed begin- ning today and in Jackson when the Mississippi Economics Council workers will obtain opi- nions of lawmakers and busi- ness men on the subjects of: (1) Reforming the State's Jus- tice of the Peace System; (2) Property tax assessment equa- lization; and (3) legislative reapportionment.

The survey will be taken at a legislative conference the council is sponsoring in con- junction with 24 chambers of commerce.

According to an earlier re- port much pressure will be brought on law makers to re- form the antiquated Justice of the Peace system.

## Processing Procedure

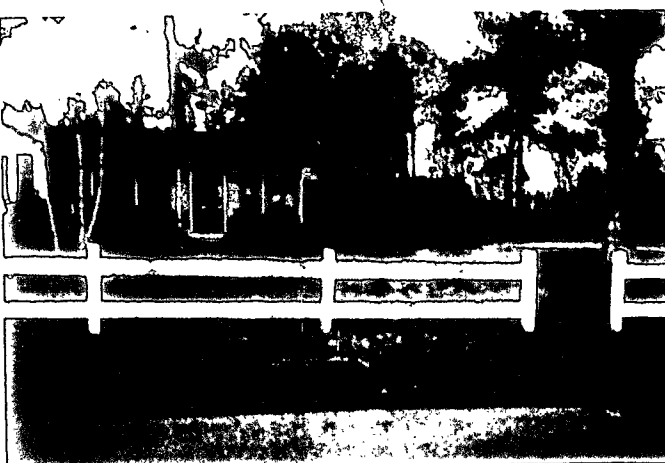

### Effective January 1

A new procedure for processing all invoices with the exception of salaries will go into effect at the City Hall in Bay St. Louis, effective as of January 1, 1971, following a motion made by Mayor Warren J. Carver and seconded by Commissioner Andre Arreolaux at the meeting of the Mayor and Commissioners recently.

Procedure requirements included in 7 points call for audit slips to be attached to all invoices, invoices to be checked by mayor and commissioners and initial in space provided to indicate that invoice had been checked and examined. Invoices to be assembled by City Clerk's office and pre-audit made with account classification recorded on audit slip extensions on invoices checked, totals verified, and on invoices involving expenditures for police, fire, streets, sanitation, and buildings and grounds purchase orders attached.

All invoices are to be ready for presentation not later than the 5th day of each month and no invoice shall be paid if presented after that date, but will be held over for payment the following month, after invoices are audited, warrants will be prepared and ready for signature not later than the 9th of each month, and all warrants,

except for salaries, shall be ready for mailing on the 10th of the month. The suggested procedure carried by a vote of the Mayor and Commissioners William M. Frisbie voting against.

"HOME OF THE WEEK" for this week is owned by Mr. and Mrs. W.L. Phillips and is located at 125 Pellety St. in Bay St. Louis.

## Meeting Planned For December

Lazy Daisy Gardeners of Our Lady of the Gulf School met last Tuesday in the school cafeteria with Mrs. John W. Wilkerson serving as moderator.

The club will hold its next meeting December 8 at which time Mrs. Richard J. Sallinger will conduct a workshop for making Advent wreaths.

DOROTHY MAE WASHINGTON OF WAVELAND ACCIDENTLY OF HER NEW CAR FROM LAMAR-LANE CHEVROLET. SALESMAN FRITZ PERANICH HAS HER BROTHER, MR. WILLIE BROWNLEE WITNESS THE DEAL.

Dorothy Mae Washington of Waveland was in the market for a new car. Her brother Mr. Willie Brownlee had put a car from Lamar-Lane Chevrolet and he was well acquainted with the deal and also with the professional service department at Lamar-Lane Chevrolet, so he recommended them. Mr. Brownlee took his sister to Lamar-Lane Chevrolet and she talked to veteran salesman Fritz Peranich. Fritz showed Miss Washington the selection of cars that had available and she found one she liked and Peranich gave her a Lamar-Lane price that was a good deal, and she drove it home. Veteran salesman Peranich has been selling new cars to folks in our area for many years, and tries his best to make satisfied customers, for he wants them to visit him again at Lamar-Lane Chevrolet the next time they buy. If you're thinking about buying a new car or truck, visit Lamar-Lane Chevrolet and talk to salesman Fritz Peranich, he could save you many dollars.

## Hawks Defeat Tigers But Lose Turkey

A tough 76-74 overtime victory over Bay High last Tuesday may have been the determining factor in Hancock North Central's 55-70 loss to Marion County in Marion's Thanksgiving Tournament.

On the other hand it may have been a turkey that slowed them down but whatever it was the Hawks were certainly not themselves at Marion, only scoring four points in the first quarter.

But it was a different story Tuesday in North Central's gym with coach Roland Lader's Hawks determined to upend arch-rival Bay High playing the first game of the season. The

Tigers, having just put away their gridiron uniforms only days before, were slow to get the feel of the hardwood and the Hawks, capitalizing on speed, drew away to a 22-9 first quarter lead.

Bay High gradually moved into contention in the second quarter scoring a more respectable 21 points but the Hawks still dominated the game 47-30 at halftime. Then coach James Pair apparently twisted the Tiger's tail as the lads exploded for 16 points in the third period while holding the Hawks to a measly 2 points cutting the Hawk's lead to 49-46 in the final frame. The lead changed hands several times in the closing minutes and as time ran out the cross-county rivals were deadlocked 65-65. Both teams again pored readily in the over-time period but as the horn echoed the cliffhanger the Hawks were two points up and the Tigers left North Central's gym vowing revenge in JNC's annual tournament Dec. 9-12.

Top scorers for the winners were Ray Martin 22, Edwin Lewis 20, Sherman Gaidner and O'Neal Owens 14 each. For Bay High it was Willie Thomas 23, Fred Lemert 22 and Gary Blazek 14.

Two days later on Thursday giving the Hawks were inaction again, this time at Marion County Central where they found little to be thankful for. Only Martin and David Neelase could hit in double figures for the Hawks, each scoring 12 points. After this game the Hawks had a 1-2 win-loss record and were slated to entertain Pass Christian Tuesday, Bay High was 0-1 and were idle until Tuesday when they traveled to Long Beach.

## Rockachaws Win Three

St. Stanislaus basketball coach Bob Cuccaro looks like he has a winner this year but his fingers crossed -- the team is young with only one starter from last year. Bob Hagan.

However, prior to Tuesday's game against D'Arville the Rockachaws were undefeated having topped Notre Dame twice and Our Lady of Victories once for a 3-0 record.

In last Tuesday's game at Notre Dame of Biloxi the Rocks had trouble finding the basket in the first half and were down 0-10 at the end of the first quarter and 24-33 at halftime but coach Cuccaro's half time pep talk must have been good as the lads came back to score 18 points in each of the final two frames while holding Notre Dame to 12 in the third and 13 in the fourth.

Hagan scored 23 points and Ted Schleuter 11 while Mickey Knutson picked off 19 rebounds. David McArthur took the poorer 10th shot with 19 points.

The Rocks are slated for a busy weekend, Friday they travel to Long Beach for a game with the tough Bearcats who have four starters from last year. Saturday they entertain Harrison Central and Tuesday St. John.

Score by quarters:

## Rockachaws Win Athletic Scholarships

Four recent St. Stanislaus graduates are continuing their education at colleges throughout the country on athletic scholarships.

Chris Wegmann, manager and trainer for three years at St. Stanislaus for football, basketball and track teams is attending Loyola of New Orleans on an athletic - trainer scholarship.

Curto St. Mary won an athletic scholarship at McNeese of Lake Charles, La., and is on the varsity basketball team. While attending St. Stanislaus he made the all-star basketball team, the all-star district team and was co-captain of the cross-country team.

Tommy Lyzio who also served as coach Bob Cuccaro's egg team is at Western Wyoming on a basketball scholarship.

Jerry Reed who was basketball coach at St. Stanislaus is at Mississippi State as basketball assistant coach.

"awesome" defense, rated by experts among the best in the Tigers' 20-14 win Saturday. In fact, Greenlee's defense, with the Tigers using an eight-man line to shoulder, solved the problem easily by running them and scoring from the one.

Greenlee ain't no Archie Manning and if Dave could handle certainly should be able to move on his famous pass options. Ole Miss is a perennial Tiger-killer and Saturday's game in mind we are picking Ole Miss, Manning plays, to defeat LSU Saturday even though he will be playing for an Orange Bowl bid. The Rebels are on LSU and are also gunning for the Southeastern title. We have no idea at this writing what point the Las Vegas Creek will come up with but whatever annual wager with him is on again -- provided he plays.

All over publicity-shy--why, we'll never know. This sort of thing and if you get hurt it's only because you learned money-management. Most pros start a season handball they can afford and never let more than 10 on any one race no matter what. If their club deviates, and to continue their handicapping.

But have to carry about our roll for some time as we Dudes Fiasco who won the third race of the season having paying a fat 28-1, coming up on the outside in the and winning by a half length in the final strides.

## HOMETOWN TRAINERS

all railbirds are familiar with Roger Holtzman, Jr., St. Louis, one of the country's better-known trainers, at the Grounds again this year -- we caught an Emerald coupling his Barnacle B with Embassy, Roger missed longhairs with a 20-1 shot named Speedy and it is possible could have had quite a spectacular with about four-a second more speed. Holtzman also had a close second with Halmolous Lady.

## First Tiny Toy Bowl To Help Needy

Big time mini-football is slated for Sunday afternoon in Stanislaus Stadium when the best of the area's Peeeweewees vie for championship trophies in the First Annual Tiny Toy Bowl, a double-header with proceeds earmarked for the Christmas needy of Hancock County.

Scheduled to open the action is the St. Paul Rebels of Pass Christian vs. the St. Clare Warriors of Waveland. The nightcap will pit champions Our Lady of the Gulf Bears against the St. Jean Eagles of Calhoun. Game time is 1:30 p.m. Admission is a ticket and a toy, tickets being 50¢ and 25¢. Food and refreshments will be available.

OLG boasts an 8-2 win-loss record and St. John is the only team to hold an unavenged victory over the Bears so the odds are working hard and expected to be in top shape for Sunday's feature.

Aerial bombs fired by quarterback Bobby Allen to end Chip Morlin accounted for all three Old Lady of the Gulf's touchdowns as the Bears defeated the St. Paul Robs of Pass Christian 19-13 in a Peeeweewee thriller last Sunday afternoon in Stanislaus Stadium. Running back Mike Rosato added the extra point on a Sully Road reverse.

But fine running by Bear backs Ted Black, Greg Hammer and Bobby Fayard moved OLG into position for the scores and have to be given much credit for the win. A good 70-yard touchdown scamper by Black was nullified by a penalty. Defensive stars were monster man Rayco Hothoway, linebacker Forrest Stevens and tackle Ralph Ott.

Starting for St. Paul were Jeff Whitman, Freddy and Randy Keel, Drew Garrett and Bill Kay.

## Creative Seminar Scheduled At USM

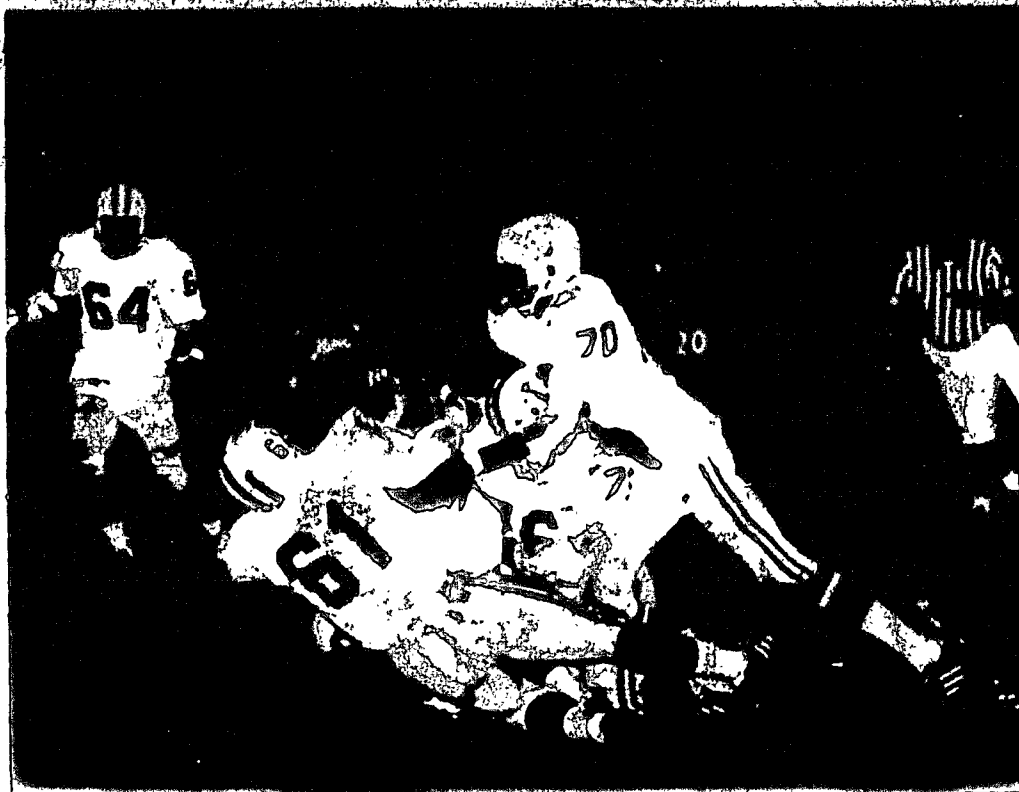

The first creative seminar on working with people, designed especially for professional nurses, is scheduled Dec. 9-11 at the University of Southern Mississippi.

To be conducted by the School of Nursing, it is scheduled in the Jackson Room of the University Union Building, on the Southern campus. Registration is to begin 8:30 a.m. in the second floor lobby of the Union Building.

Principal faculty for the seminar will be Mrs. Ester Blanc, a doctoral candidate at the University of California, San Francisco.

Mrs. Avis Robin, director of continuing education in nursing, reports those attending will be given the opportunity to explore the creative use of self, enabling registrants to identify and deal with basic behaviors encountered in various situations.

## KANTCHA KETCHUM

By L.S. (Des) Elliott

Beautiful weather continued over the weekend and no rain and any kind of sports, and hunting went on as with both fresh and salt fish being caught and hunting up to par.

It got too much on duck although some were killed in the marshes. Again the weather has been firm and the ducks have moved south as they should. Even Poul Duan here.

The fishing side spectacles being caught by trolling dead and live bait, they are running kind of up Jordan River Bayou La Croix. Again Loder seemed to have one of the largest amount while trolling.

As and perch are still caught by those going after on the fly rod, casting live and dead bait, water fish will be caught when the weather warms. They will hit on surface when it's warm underneath when it's cold.

bits must really be. Haven't heard of or any hereabout. Camille good job in killing them. Of course shining at night is out and very hunters have rabbit dogs here. Maybe the hushy will come back in a year.

hundreds, like rabbits are few. There are more in our city than out woods. Again no shooting city limits.

The second segment of the season closed on Nov. The third segment will on Dec. 23rd and close on 15th. Hope there will be doves than there has up to now. The limit is possession limit 36.

hard to get the limit there are no birds. Bet fellows during the next

Bacon and Coats, (Soul, Rallo and Gallinule to Haven't been any to speak out fishing. There is something wrong with the weather cold enough or the are not right. These birds killed along the banks of or bayous on low tides, all as snipe.

The long Thanksgiving is over. Spent the and in New Orleans with of our family. Had a time with no fishing or. Believe it or not!

iddle Englehorn spent the days with friends also in the city. Imagine he enjoyed sports.

ddy Dufour and Cornelius made a nice catch of flounders and specks, were in outside waters of the boat, "Screwdriver."

Understand that bite can be purchased at "Bridges" Camp. See Sam of Bay of the brothers.

Bob Wade, owner of "The Office" a local bar to a hunter and fisherman. Doesn't have time to go, so no complaint.

Al Kingston was showing us a bait called the "Trotter Trout Troller". It's just a hook with a metal head and is used with live bait. Al said they are good. He uses them himself.

Renewed a lot of old acquaintances over the weekend including Earl Reese and Eddie Hernandez. Earl is with the State Central Committee. Understand their favorite is following the race horses.

Was glad to meet Warren McDonald at Prohl and Sis Hard's Bar on Constance St. It is a place where old friends meet, discuss local news, politics and shoot a lot of bull. I was at home.

Got acquainted with Dr. Fritz Anthony Es. Cour. Sr. of Lake Charles, La. Doc loves his fishing and hunting.

Finkle Sullivan in another hunter and fisherman from La. Nothing comes too big for him.

Brother Paul's favorite sport is playing tennis. Too old to join you, Brother.

John Rutherford and Brother Aubert have been getting their share of doves. You can take a little rest until the season reopens again, fellows.

Maurice (Senator) Douglas is a good pool player (hunting pool) I think they call it. Play you again Senator next time I come over.

Jim Blum is a pressman at The Echo. His brother John, Richard Schaefer and himself, killed the limit of ducks and caught 400 speckle trout last week. Must be pretty good, I'll say.

Sam Meyers and Sam Peterson have been murdering perch according to them. They have their own secret place for catching them.

Mr. and Mrs. Morris Daniels and the boys spent the weekend out camping. Fishing, hunting and other sports were enjoyed.

Kenneth McCarty and Alden Mauffroy were after speckle trout Sunday. They caught some by trolling. Not too many as they put it.

Dan Haggerty and June were over Sunday visiting friends.

Pat and Mike Haggerty returned home the early part of the week from California. Mike has been discharged from the Air Force. Plans to make his home in New Orleans. Timothy is still aboard the "Enterprise" where he is completing a hitch in the Navy.

## Stray Dogs Still Causing Problems

"We are going to do something about the dogs in Bay St. Louis," said Andre Arceneaux on Monday and during a meeting of the Mayor and City Commissioners.

Reportedly dogs are roaming the streets, many without tags, some ill-fed and unkempt, and garbage and trash cans going to waste, has been discharged.

Mrs. Dupre Lapoint has returned from a two-week visit with her sons and daughters-in-law Mr. and Mrs. James Lapoint and family in Lafayette, La., and Mr. and Mrs. Dupre Lapoint Jr. and family in Louisiana, La.

For those interested in Scouting, a Roundtable Meeting will be held at the American Legion Home here at 7:30 p.m. December 9th. You are urged to attend. Scouting always needs men and the boys need scouting.

are frequently upset by these animals in their search for food.

A City Ordinance stipulates that such dogs be transported to the pound and cared for during a three-day period. During that period owners of lost dogs may report to the pound to claim them and arrange to have their animals inoculated. In the event the animal is not claimed by its owner then it may be adopted or disposed of in a humane manner.

One problem has been that of transporting the dog to the city pound, however, a trucking service is expected to be working out in a few days. Some repairs have been made to the pound and donations of dog food and money to assist with the operation expenses have been received including 500 pounds of dog food from one manufacturing company, a generous donation of dog food from the Jinty Jungle and others.

According to the ordinance the Chief of Police, or someone designated, should destroy all

inclined dogs after a three day period unless they are taken to the pound. In crowded conditions, Sanitary procedure for handling stray animals will be set up soon, it was said.

De You...
